

VULVOVAGI® SPRAY

Therapy and prevention of the vaginal discomfort, in case of: vulvovaginitis, vaginosis, itching, burning, vaginal dryness

with

OZOILE®
ERBAGIL PATENT
Stable Ozonides

VULVOVAGI® SPRAY with Ozoile® creates a non-occlusive protective lipid film against external aggressions and from rubbing aimed at preserving and restoring correct physiology. Effective against irritation, burning, itching, dryness, flaking, counteracts oxidative stress, normalizes skin and mucosa and creates an unfavorable environment for the microbiota alterations.

MAIN COMPONENTS

Ozoile® (stable Ozonides with Vitamin E acetate), Glycyrrhetic Acid, Melaleuca Alternifolia Leaf Oil.

OZOILE®

Acts on the irritative and itchy state, counteracts oxidative stress and creates an unfavorable environment to the microbiota alterations. Effective against redness, itching, burning, swelling, flaking and degenerative processes in progress. Brings oxygen in situ and promotes re-epithelialization, counteracts radiation damages.

VITAMIN E ACETATE

Soothing effect, counteracts lipid peroxidation of the membrane. Blocks free radicals.

MELALEUCA ALTERNIFOLIA LEAF OIL

Enhances the action of Ozoile®.

GLYCYRRHETINIC ACID

Soothing and anti-itching action against the alterations affecting the vulva-vagina.

INDICATIONS

Topical use. In the prevention and treatment of vulvovaginitis, vaginosis and the genital area in case of irritation, burning, itching, swelling, leukorrhea, flaking, alteration of the protective barrier function. Vulvovagi® spray effective in case of vaginal discomfort with different etiology, creates a protective non-occlusive lipid film that lubricates, moisturizes and normalizes mucosa.

HOW TO USE

Two or three sprays, morning and evening in the acute period until the total disappearance of symptoms and when necessary as maintenance cycles once in the evening or every other day for fifteen days a month or as directed by physician. Before applying, cleanse the intimate area with Ildrozoil® rinsing detergent.

Vulvovagi® spray is equipped with a double dispenser for:

1) EXTERNAL USE:

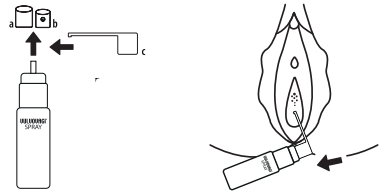

Remove the transparent protective cap (a) and use the classic spray dispenser (b).

2) INTERNAL USE:

Remove the transparent protective cap (a) and pull the classic spray nozzle (b) upwards until it detaches.

Place the spray nozzle for internal application on the plunger (c).

After use, carefully rinse the spray nozzle for internal use using Ildrozoil® rinsing detergent and warm water. The treatment period differs according to the condition to be treated and the subjectivity of the therapeutic response.

WARNINGS

Topical use. Do not ingest. Keep the product out of the reach of children. Do not use in case of damaged packaging.

Do not use the device beyond the expiration date. The expiration date refers to the intact and correctly stored product. Store in a cool, dry place away from heat sources and direct sunlight. Store preferably between 5 °C and 35 °C. Wash your hands thoroughly before using the medical device. Close the bottle carefully after use. After opening it is recommended to use the product within 6 months. Vulvovagi® spray is well tolerated. There are no known cases of sensitization and side effects to date, if this phenomenon occurs please discontinue use and consult your physician.

REV. 04 01/2023

VULVOVAGI® PRŠILO

Lajša vaginalne težave pri
vulvovaginitisu, vaginozah,
srbenju, pekočem občutku in
vaginalni suhosti

with

OZOILE®
ERBAGIL PATENT
Stabilni ozonidi

VULVOVAGI® PRŠILO z Ozoile® ustvarja neokluzivni zaščitni lipidni film proti zunanjim vplivom in draženju, ki ohranja in obnavlja fiziološko stanje. Namenjeno pri draženju, pekočem občutku, srbenju, suhosti, luščenju, deluje proti oksidativnemu stresu, normalizira kožo in sluznico ter ustvari neugodno okolje za spremembe mikrobiote.

GLAVNE SESTAVINE

OZOILE® (stabilni ozonidi z Vitamin E acetatom), gliciretinska kislina, olje iz listov Melaleuca Alternifolia (čajevca).

OZOILE®

deluje na draženje in srbenje, preprečuje oksidativni stres in ustvarja neugodno okolje za spremembe mikrobiote. Namenjen je za težave pri rdečici, srbenju, pekočem občutku, otekanju, luščenju in degenerativnim procesom. Prenaša kisik do tkiv in spodbuja reepitelizacijo, preprečuje poškodbe zaradi sevanja.

VITAMIN E ACETAT

Nasprotuje peroksidaciji membranskih lipidov. Pomirjujoč učinek. Zavira proste radikale.

OLJE IZ LISTOV MELALEUCA ALTERNIFOLIA (čajevca)

Ojača delovanje Ozoila.

GLICIRETINSKA KISLINA

Deluje pomirjevalno in proti srbenju na spremembe vagine-vulve.

INDIKACIJE

Samo za lokalno uporabo. Za preventivo in oskrbo pri vulvovaginitisu, vaginozah in na področju genitalij v primeru draženja, pekočega občutka, srbenja, otekline, levkoreje, luščenja, pri spremembah zaščitne pregradne funkcije, ki jo povzročajo patogeni. Vulvovagi® pršilo je namenjeno pri vaginalnem nelagodju različnih etiologij, ustvarja zaščitni neokluzivni lipidni film, ki maže, vlaži in normalizira kožo in sluznico.

UPORABA

Dva ali trije vpihji, zjutraj in zvečer v akutnem obdobju do popolnega izginitja simptomov in po potrebi kot vzdrževalni cikli enkrat zvečer ali vsak drugi dan petnajst dni v mesecu ali po navodilih zdravnika. Pred nanosom očistite intimni predel z Idrozoil® detergentom za izpiranje.

Vulvovagi® sprej je opremljen z dvojnimi dozirnima:

1) ZUNANJA UPORABA:

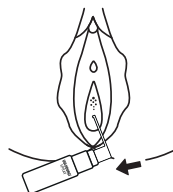

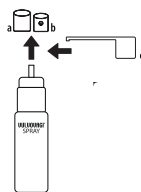

Odstranite prozorno zaščitno kapico (a) in uporabite klasični razpršilec (b).

2) INTERNA UPORABA:

Odstranite prozorno zaščitno kapico (a) in povlecite klasično pršilno šobo (b) navzgor, dokler se ne loči.

Pršilno šobo za notranji nanos namestite na bat (c).

Po uporabi skrbno sperite pršilno šobo za notranjo uporabo z detergentom za izpiranje Idrozoil® in toplo vodo. Obdobje zdravljenja se razlikuje glede na stanje, ki ga je treba zdraviti, in subjektivnost terapevtskega odziva.

OPOZORILA

Samo za lokalno uporabo. Ne zaužijte. Izdelek hranite izven doseg otrok. Ne uporabljajte v primeru poškodbe embalaže. Ne uporabljajte medicinskega pripomočka po datumu uporabnosti. Datum uporabe velja za nedotaknjen in pravilno shranjevanje izdelka. Shranjujte na hladnem in suhem mestu stran od vira toplote in neposredne sončne svetlobe. Shranjujte po možnosti med 5 °C in 35 °C. Pred uporabo medicinskega pripomočka si dobro umijte roke. Po uporabi stekleničko trdno zaprite.

Po odprtju je priporočljivo izdelek uporabiti v šestih mesecih. Ne obstajajo primeri preobčutljivosti ali stranskih učinkov za Vulvovagi® pršilo, če pa se to vseeno zgodi, takoj prenehajte z uporabo in se posvetujte z zdravnikom.

PAKIRANJE

20 ml steklenička.
